

The Superior Greenway

The Superior Greenway

Prospect Road, from Ford Road to Geddes Road

The Superior Greenway is the name that has been given to the swath of protected and preserved land parcels that line the east and west sides of Prospect Road through the middle of Superior Township. It is a joint project involving the Southeast Michigan Land Conservancy, the Open Space and Parkland Preservation Program of the City of Ann Arbor, the Washtenaw County Natural Areas Preservation Program and Superior Charter Township. It covers over 2,000 protected acres, with over half of the land available for public access.

The Greenway, a defining feature of Superior Township, has been designed to provide a natural buffer from development for people and animals alike in our Washtenaw County locale. It encompasses several nature preserves and allows vistas of open land to travelers on Prospect Road. We invite you to take a drive up or down our Superior Greenway, and stop in to visit any of its nature preserves.
