

COMMITTEE TO PROMOTE SUPERIOR TOWNSHIP – “One Superior Place” Meeting July 19, 2017

Remarks and Announcements – Brenda Baker and Carla Bisaro attended; regrets were received from Nancy Caviston and Rose Lang. It was noticed that the Meeting Room supply of bookmarks was depleted and should be replaced.

Library Display/Bookmarks/Superior Places Binders – The library display for July was the Superior Greenway poster; in August the new Jack R. Smiley Nature Preserve poster will be placed. A fresh supply of bookmarks was printed for Superior Day, and all binders are current as of now, but will soon have new additions for Flying Pilgrims RC Club Field and Jack R. Smiley Nature Preserve.

Page(s) on NEW Township Website – Carla reported accessing the new website to investigate the status of the Superior Places listing. She could not pass judgment on the rest of the site or attest to its ease of use. She will check the material now listed to be sure the most recent revisions are in place.

Email List for Interested Citizens – There is no information yet available on public response to the email listing option in the new Township website, but we will revisit this topic again in the future.

Superior Places – Carla presented first drafts of Superior Places profiles for the Flying Pilgrims RC (Remote Control) Club flying field and for the Jack R. Smiley Nature Preserve. Brenda offered some suggestions, and those will be incorporated. There was no progress reported on any of the other potential Superior Places descriptions, and it was agreed that the Agricultural Heritage topic would be dropped from further listing in our agenda.

Events, Outreach and Community Pride – Carla said she had failed to get to the Dixboro Farmers’ Market to place the “Where Do You Live?” poster, but that she would attempt to get it done soon. In the meantime, it may be possible to place a supply of the posters in the Township Hall vestibule. In Nancy’s absence, there was no word on a digital copy of the New Resident Welcome Packet. Since the Township Marquee has been well utilized over the summer for Parks & Rec activities, we will consider this item again in the winter. In October we will refresh our contact with Christopher Troiano regarding the ice carving demonstration.

Committee Development and Committee Business – These agenda items will be considered only as needed.

Schedule Next Meeting – The next meeting is scheduled for 7:00 p.m., Wednesday, August 16, 2017 at Superior Township Hall.
