

## **COMMITTEE TO PROMOTE SUPERIOR TOWNSHIP – “One Superior Place” Meeting August 16, 2017**

**Remarks and Announcements** – Brenda Baker, Carla Bisaro and Nancy Caviston attended; regrets were received from Jane Frye. Brenda reported that she had received a request from Lynette Findley for submissions for the upcoming fall *Superior Scenes* newsletter. Carla told of receiving an email, forwarded by Brenda McKinney and originated by Parks & Rec’s Juan Bradford, regarding children’s summer programs that operate in partnership with Washtenaw County Parks and Ypsilanti Community Schools.

**Library Display/Bookmarks/Superior Places Binders** – The library display for August is the new poster featuring the Jack R. Smiley Nature Preserve; the September poster is not yet determined. Carla is working on a full inventory of bookmarks, and will attempt to have that supply placed in the lobby of Township Hall when it is complete. When the two newest profiles of the Jack R. Smiley Nature Preserve and the Flying Pilgrims RC Club Field are placed, all binders will be up-to-date

**Page(s) on NEW Township Website** – As the NEW Township website is no longer new, this agenda item will be dropped.

**Email List for Interested Citizens** – The Committee discussed the possibilities of residents registering for information according to topics of interest, so that they might elect to received only information they request .

**Superior Scenes Newsletter** – Since we have been alerted to the September 4 due date for submissions to the upcoming fall newsletter, we have decided to call attention to our Superior Places site on the Township website, as well as the printed versions and bookmarks available in the Township Hall lobby. Carla will write the article, then send it to Brenda before forwarding to Lynette and Nancy Caviston.

**Superior Places** – Work on profiles of Superior Stables and the Huron Valley Nighthawks Motorcycle Club has been delayed by recent absences; but the suggestion was made that Karl Williams might be able to provide some history for an article about MacArthur Boulevard. Both the Smiley Preserve and the Flying Pilgrims airfield descriptions are close to final and should be completed shortly. The Superior Stables Feed Store description will be addressed when it opens.

**Events, Outreach and Community Pride** – Carla reported that she had finally arranged placement of the “Where Do You Live” poster at the Dixboro Farmers’ Market, and it will remain posted until the market closes at the end of October. Carla will place the remaining copies in the Township Hall vestibule. Nancy has received digital copy of the New Resident Welcome Packet, and when we all receive it, we can begin to address revisions to this document. It was noted that the Township Marquee continues to be under-utilized. Although Brenda has contacted Rose Lang about interest among real estate agents, that conversation has not yet taken place.

**Schedule Next Meeting** – The next meeting is scheduled for 7:00 p.m., Wednesday, September 20, 2017 at Superior Township Hall.
