

COMMITTEE TO PROMOTE SUPERIOR TOWNSHIP – “One Superior Place” Meeting August 15, 2018

Remarks and Announcements – Brenda Baker and Nancy Caviston attended; regrets were received from Carla Bisaro. Brenda told of the Committee’s invitation from Clerk Lynette Findley to submit a contribution to the fall newsletter by Tuesday, September 4. Nancy told of a chance meeting with Supervisor Ken Schwartz and Treasurer Brenda McKinney and their willingness to follow through with Nancy’s suggestion for a refrigerator magnet carrying important Township contact information. Although the original distribution was intended to be through the new resident packet, other distribution areas could also help promote the Township to residents. Nancy also told of the receipt of a \$1 million grant, details not yet available, to be given to the Township over time to support fire department apparatus and needs.

Library Display/Bookmarks/Superior Places Binders – Carla reported by email that all the binders were up to date and in place; the supply of bookmarks was adequate; and the Township Public Parks poster had been placed for the month of August. It is likely that the Early Schools poster will be posted for September.

Internet/Website – Nancy told of changes to be made to servers of the Township’s website, though little change should be noticeable to users.

Superior Scenes Article – Brenda noted that a copy of the spring newsletter had been attached as a sample to the notice from Lynette Finley, while Nancy related that the Ypsilanti District Library and Ypsilanti Community Schools are sponsoring a two-sided insert for the fall *Superior Scenes*. Brenda suggested that our article could be built around another of the Superior Places, possibly the St. Joseph Hospital.

Superior Places – There was passing discussion of the business community in the Township, illustrating that we are more than farms and horses. There are possibly more businesses than we are aware of, including charter schools. Thoughts of the Dixboro/Matthaei Trail were examined, because it leads to Dixboro in the Township, even though parts of the trail are not in Superior Township. This topic will take further investigation.

Events, Outreach and Community Pride – Carla’s report included mention of missing copies of the “Where Do You Live?” flyer from the Township Hall vestibule. Brenda will print a supply and drop some off. Carla’s report also mentioned hearing of Vivian Phillips, an avid bicyclist who lives on Vreeland Road. Vivian could possibly be of help if we decide to revisit the prospect of a Township bicycle tour next summer.

Schedule Next Meeting – The next meeting is scheduled for 7:00 p.m., Wednesday, September 19, 2018, at Superior Township Hall.
