7. PRESENTATIONS AND PUBLIC HEARINGS

- Former Superior Township fire fighter, Chris Wiggins, on behalf of the fire department, made a presentation on FEMA's Staffing for Adequate Fire and Emergency Response (SAFER) Grant. The grant would pay for an additional fire fighter for each shift for a total of 3 additional fire fighters and would bring the count up from 3 to 4 fire fighters per

shift. The grant would pay for 70% in the first year two years, and 30% in the third year towards additional fire personnel. This will result in quicker response times, increased safety for the staff on duty and the community as a whole, and reduced wear and tear on the township equipment. It could also increase the township's Insurance Service Office (ISO) rating that could result in lowered insurance premiums. After the grants ends the township would be responsible for funding the additional fire personnel at 100%.

8. REPORTS

A. SUPERVISOR REPORT

Supervisor Schwartz reported on the following:

- The Superior Land Conservancy has their annual meeting on February 10, 2018.
- The Supervisor Schwartz, Clerk Findley and Treasurer McKinney met with DTE. They are relocating a powerline on Geddes Rd between Hickman and the roundabout. The powerline runs back through the woods. They will relocate the powerline to Geddes Rd. The relocation will take place in the summer and will affect two homes. The current location of the powerline has resulted in numerous power outages due to the line getting caught in the trees.
- Supervisor Schwartz' knee surgery has been moved up two weeks from February 12 to January 29. He believes he will be able to make the February board meeting. Due to the change in the date of Supervisor Schwartz' surgery he recommended that the meeting on Medical Cannabis be moved to March in order for him to attend.

Zoning Report

February 12, 2018

SBA Towers, LLC- A Zoning Board of Appeals public hearing was held on September 11, 2017 pertaining to an application to place a communication tower within the road right of way near M-14 and Plymouth-Ann Arbor Road. The ZBA voted to postpone action on the request to allow the applicant time to provide additional information. I have received additional information and a request from the applicant for the case to be reconvened.

Woodside Village- The Township Supervisor and I have met again with Mr. Rino Soave (Infinity Homes) to discuss the resumption of new home construction at this development. We reviewed specific proposed models for lot fit. Mr. Soave indicates he would hope to start construction in the spring.

Fairway Glens (Golfside Village)- I have a meeting scheduled with the owner (Mahata Properties, LLC) and the owners builder to discuss the steps required to resume construction in this development. At this time, it would appear that at the least, the developer will need to re-establish sureties and that the Development Agreement may need to be updated to reflect current conditions.

Arbor Woods Mobile Home Park- Sun Properties has acquired the Arbor Woods Mobile Home Park and has undertaken significant repairs and renovations at the property. All streets have been re-paved and many driveways were replaced prior to winter weather. The existing clubhouse is in the process of being remodeled and improved. The new owners have also contracted for new homes to be brought into the community. The Building Departments year-end report indicates that 88 mobile home permits were issued in 2017. Eight additional permits were issued in January of 2018. The majority of all permits issued were for the Arbor Woods development. These are all welcome and long overdue improvements.

Dixboro House (old Lord Fox)- The Building Department has issued a limited building permit to allow for interior demolition at this location. The permit was issued under the condition that the applicants were proceeding with the work at their own risk without assurances that a complete permit would be issued. In this way, some work is possible at the site as the applicants proceed thru the Planning Commission process.

RFC Financial- Interior construction plans have been submitted and reviewed for the work proposed at 5263 Plymouth-Ann Arbor Road. The Building Department stands ready to issue a limited permit for interior alterations once the owners select a contractor. Similar to Dixboro House mentioned above, the permit will issued be at the applicant's risk.

Solar Farms- The Township has had recent inquiries relating to the placement of commercial solar farms within the Township. I currently interpret that solar installations that directly serve a dwelling or business are accessory uses. Large commercial solar farms are not an approved use listed in Article 4 and are therefore prohibited.

Dear Community Member,

January 26, 2018

**Mark your calendar for the 23rd annual Ypsilanti Proud Event – formerly - Ypsilanti PRIDE Day!
Saturday, May 19th, 2018**

For the past 22 years, Ypsilanti Proud Day has been a community-wide event intended to foster community pride and encourage local business growth by creating a clean and welcoming environment. Between 500-1200 volunteers spend the morning picking up litter, painting, planting flowers, restoring ball diamonds and otherwise beautifying the Ypsilanti community. The benefits are numerous and the activities of the day help all of our businesses grow by creating an environment that is friendly and inviting.

On behalf of the A2Y Chamber and the Ypsilanti Proud Steering Committee, we ask that you consider contributing to this incredible event. We are in need of both monetary and in-kind donations. Ypsilanti Proud is a part of the Ann Arbor/Ypsilanti Regional Chamber Foundation, a tax-deductible 501(c)(3) organization. In addition, sponsors receive recognition on our website, social media, and on printed materials at the event. For your convenience, we have enclosed a sponsorship form with more details.

Please ensure the success of this event by getting involved! You are encouraged to organize a group of volunteers to help with cleanup efforts, or contribute your time and experience by planning the success of this event on the committee level.

January 25, 2018

Dear Municipal Representative,

The Washtenaw County Solid Waste Planning Committee has amended the state-mandated Solid Waste Management Plan ("Plan"), required for each county in Michigan by Part 115, Solid Waste Management, of the Natural Resources and Environmental Protection Act (Act 451). For your review, Washtenaw County's amended Plan document can be accessed online at www.ewashtenaw.org/publicworks.

The main purpose of county solid waste plans is to protect public health, assure adequate disposal capacity for all waste generated within county borders, and to establish goals for waste prevention & recycling. The amendment process for Washtenaw's Plan spanned over two years, involving a broad range of public and stakeholder engagement, including local government representatives. A particular effort was made to keep local governments informed and engaged. Our public information program included a web site to host committee proceedings, presentations to local communities and groups, and a public comment period from April to October 2017.

The Plan includes goals and objectives, and promotes services expansion to increase waste diversion over the next decade. To guide Plan implementation, a Plan Advisory Committee (PAC) will be formed, which will provide opportunity for continued involvement by local municipalities and businesses throughout the Washtenaw County.

The Plan has been approved unanimously by the Solid Waste Planning Committee, the Board of Public Works, and the Board of Commissioners. Now, Washtenaw County is required to seek approval from municipalities within Washtenaw County. Upon receiving approval from at least 67% of local municipalities, the Plan will be submitted for final approval to the Michigan Department of Environmental Quality.

For your convenience, I have included a resolution for consideration by your municipal decision-making body. I am requesting that this resolution be added to the agenda of an upcoming council or board meeting for your city, township or village. **We aim to reach all twenty-eight municipalities in February – May, 2018.**

If, upon review of the Plan and accompanying resolution, you have questions or would like to arrange for a county presentation or to otherwise attend your municipal meeting to answer questions, please feel free to contact me or Noelle Bowman at (734) 222-6821. Thank you in advance for your attention to this matter.

Sincerely,

Jeff Krcmarik

February 5, 2018

The Honorable Lynette Findley, Clerk
Superior Charter Township
3040 North Prospect Road
Ypsilanti, MI 48198

Subject: Updated Rate Schedule

Dear Township Board members:

It is our pleasure to be able to help the Township with various planning and zoning projects, and to provide ongoing professional services to the Planning Commission and Zoning Inspector. We are also pleased to have been able to keep our hourly rate for professional services consistent at \$65 per hour for over 13 years.

As much as we would like to maintain our rate for another year, we have come to the conclusion that an adjustment has become necessary. This rate adjustment reflects ongoing increases in the costs related to healthcare and other business expenses. For reference, we have prepared a Revised Rate Schedule for Professional Services, which includes an adjustment to our principal hourly rate to \$85 per hour. This change is intended to be the minimum necessary to be able to continue to provide you with the quality you have come to expect.

In response to a question from the Clerk regarding comparables with other consulting firms, we would note that a consulting firm in the region recently submitted a rate schedule to a very rural Michigan township in which the cost of services to be performed by their entry-level planners (less than three years of experience) would be invoiced at a rate of \$90 per hour. We understand that rates for consultants with the expertise and depth of professional experience to serve the needs of a community like Superior Charter Township typically range between \$110.00 and \$150.00 per hour.

We would also note that, on average, over 75% of our invoiced hourly charges to the Township are associated with development projects and other Planning Commission applications, which are reimbursed by the applicant through escrow deposits held by the Township for that purpose.

With your acceptance, our revised rate schedule is planned to go into effect beginning on March 1, 2018. Please contact us with any questions about this information at (734) 483-2271.

Respectfully submitted,

Donald N. Pennington
