

Schools of Superior Township

Superior Township is served by three different school districts – Ann Arbor to the north and west, Plymouth-Canton to the north and east, and Ypsilanti Community Schools across the southern portion of the Township. However, the only public school physically within the Township's borders is South Pointe Scholars, a National Heritage Academies charter school. There are a number of private schools that also serve the area.

Oak Trails Montessori School
6727 Warren Road
