

Superior Township Montessori School

The Montessori method of early education is named after famed Italian educator, Maria Montessori. She developed her educational methods from research done in the early 1900s with disabled and mentally challenged children. These schools focus on an environment prepared with materials designed for self-directed learning activity. Only one such school is located within Superior Township.

Oak Trails Montessori School
6727 Warren Road
Superior Township, MI 48197
(734) 662-8016
