

WHERE DO YOU LIVE?

Adapted from Superior Township *Superior Scenes* Newsletter, April 2016

Because of our mailing addresses, assigned by the U.S. Post Office, many Superior Township residents identify with the communities of Ann Arbor, Plymouth or Ypsilanti. These are the post office locations that handle and deliver “snail mail” in the Township, according to the ZIP codes.

Automated sorting equipment looks first for the ZIP code, and then for the street address. This means that Superior Township residents can have their postal mail sent to a **Superior Township** or **Dixboro** address, as long as the correct ZIP code is used. Try it! Whenever you provide your own address, list **Superior Township** or **Dixboro** (when appropriate) as the city.

Superior Township is a unique and truly special place like no other. We should all be proud to call it home. To this end, and in an effort to build a sense of community, the Committee to Promote Superior Township encourages all residents to tell the world you're from Superior Township.
