Pre K

Created in 1965, Head Start is the most successful, longest-running, national school readiness program in the United States. It provides comprehensive education, health, nutrition, and parent involvement services to low-income children and their families. Nearly 25 million pre-school-aged children have benefited from Head Start.

Washtenaw Project Head Start was designed to help break the cycle of poverty by providing preschool children of low income families with a comprehensive program to meet their emotional, social, health, nutritional and educational needs.

To get here from Township Hall (3040 N. Prospect Rd.):
