Dear Brenda,

Thank you again for having us at the last trustees' meeting. I've been thinking about our conversation since, and I owe you a correction, a happy one. I also acknowledge the delay in getting this information to you, we sought to ensure it was accurate and to benchmark with the service records we currently have.

When I presented, I cited steady support of \$10,000 per year since 2022 for Superior Township's support of Meals on Wheels. I went back through our records afterward, and the accurate picture is more generous than what I represented. Since 2002, the township has invested \$84,400 in our program, and in each of the last three years, that support has held steady at \$10,000. What began as a modest annual commitment two decades ago has grown into one of the most dependable partnerships we have, and I didn't want it to stand misstated or unacknowledged.

Superior Township's support of Ypsilanti Meals on Wheels (2002 to 2026):

Year	Township Investment
2002	\$2,150
2003	\$4,300
2007	\$2,150
2008	\$2,150
2010	\$2,150
2011	\$4,300
2013	\$2,150
2015	\$2,150
2016	\$4,300
2017	\$2,150
2018	\$2,150
2021	\$2,150
2022	\$10,000
2023	\$12,150
2024	\$10,000
2025	\$10,000
2026	\$10,000
Total	\$84,400

That partnership matters more with each passing year, because the need in Superior Township is rising sharply. The number of residents turning to Meals on Wheels there has grown from just five in 2021 to forty-one so far in 2026, more than an eightfold increase and an average of 62% growth every single year.

Superior Township Residents Served by Meals on Wheels:

Year	Residents Served	Change from Prior Year
2021	5	—
2022	4	-20%
2023	7	+75%
2024	11	+57%
2025	27	+145%
2026 YTD through August 2026	41	+52%
<i>Average annual growth of 62% — more than an eightfold increase since 2021.</i>		

These two stories move in step: in 2021, the township invested \$2,150 as we served 5 residents with two meals per day and other support; today, that support is \$10,000 as we serve dozens, your commitment rising right alongside the need.

Across the last ten years, we have served 226 unduplicated Superior Township residents, 55 of them in just the past year. Measured against the township's contributions over that same decade, that comes to roughly \$278 per resident served per year, and for that each neighbor receives not only two nutritious meals, but a daily point of human contact, an informal safety check, and the support that lets them stay in the homes they love rather than move into far costlier care.

In the end, these meals are about dignity: the chance for an older neighbor to remain where they have built a life, known and looked after. Thank you for the part you have already played in making that possible, and for your steady partnership on behalf of Superior Township's older residents.

With gratitude,

September 2026 Supervisor's Report

September's work reflects the many ways the Township is moving forward-addressing immediate concerns in our neighborhoods while also investing in long-term improvements, preservation and responsible planning.

Housing and Neighborhood Conditions

Congresswoman Debbie Dingell and representatives from HUD joined us for a community meeting at Sycamore Meadows to discuss ongoing improvements and what residents can expect in the months ahead. The Township remains actively engaged with HUD to support clear communication and continued progress.

Community Safety and Enforcement

The Township continues working with law-enforcement and community partners to address safety concerns and strengthen relationships with residents. Events such as Shop with a Cop are one part of that broader effort to build trust and create positive connections between deputies, children and families.

After working with the Washtenaw County Sheriff's Office to clarify towing authority under state law, deputies have resumed towing vehicles that meet the applicable legal requirements. This is an important step in addressing abandoned and improperly stored vehicles that create safety concerns and affect surrounding neighborhoods.

Accessibility and Infrastructure

Work continues to identify and address ADA-accessibility needs across several Township neighborhoods. This includes reviewing curb ramps, sidewalks and other public infrastructure to determine where improvements are needed and how that work can be coordinated with upcoming projects.

Planning for Superior's Future

I met with Destination Ann Arbor as it begins developing a countywide tourism strategy with Resonance Consultancy. It is important that Superior Township's communities, natural areas, historic places and local businesses are represented as this long-term vision takes shape.

We have also secured another Community Tourism Action Plan grant support focused specifically on improvements to the historic Dixboro Schoolhouse in the amount of \$10,000. This work will help preserve an important community landmark while expanding its potential as a gathering space.

Preserving Birdsong

The Township is nearing completion of the acquisition of an additional 161.84 acres for Birdsong Nature Preserve. The \$1.699 million purchase is fully supported through grants and partner contributions, allowing us to protect this land without using Township taxpayer dollars. Once complete, the acquisition will expand BirdSong to more than 320 acres and preserve an extraordinary natural area for future generations.

Responsible Financial Planning

Work on the Township's fiscal year 2027 budget is underway. My focus remains on maintaining essential services, planning responsibly for future needs and ensuring that Township resources are aligned with the priorities of our residents.

These efforts are connected by a common goal: improving daily life in our neighborhoods while making thoughtful investments in Superior Township's future. Whether we are addressing housing conditions, improving accessibility, supporting community safety or preserving natural and historic assets, progress depends on strong partnerships and consistent follow-through.
